EMB EMBROIDERY

We first launched our Worry-Free Embroidery® Service in 2008 and this classic decorating method continues to be the most popular decoration choice.

HT HEAT TRANSFER

Pre-printed art is pressed onto the garment. This process has been refined over the years and is a great option for performance apparel.

LZR LASER ETCHING

Using lasers, the top layer of a garment is burned slightly, creating a precise, tonal design. Great option for varying logo sizes and locations.

BHT BORDERLESS HEAT TRANSFER

All the benefits and features of the standard heat transfer, digitally printed in full color, but with a clean, borderless edge.
